A GOOD MAN GONE.

Mr. Robert Montgomery, of Ozark, Died Last Thursday Morning at 10:15 O'clock.

The subject of this sketch died at his home near Ozark, Thursday morning, March 27th, at 10:15 o'clock, death due to an attack of lagrippe.

The deceased was in his seventy-third year, a devoted member of Shiloh Christian church and a citizen respected by all.

He was a man of generous impulses and never forgot the hospitable ways of the pioneer. The stranger, even though a beggar, never failed to find food and shelter if he sought it at his hands, and he was at home by the bedside of the sick and delighted in all kinds of neighborly offices. He had filled the various relations of life, as son, husband, father, brother, friend, and filled them well. Who can do more?

By request his remains were interred near Shiloh church, which he loved, so well and served faithfully, the services being conducted by Eld. Z. T. Williams, witnessed by a large crowd gathered to pay their last respects to one whom they honored.

The deceased is survived by the widow, three daughters and three sons.

"We saw not the lift of the curtain,
Nor heard the invisible door,
As they passed where life's problems uncertain—

Will follow and vex no more
We lingered and wept on the threshold,
The threshold each mortal must cross—
Then we laid a new wreath down upon it,
To mark a new sorrow and loss."

PRESBYTERIAN ANNUAL CONGREGATIONAL MEETING.

At the congregational meeting Sunday, March 24th, at 11 a. m., Mr. E. W. Reed was ordained, and with Mr. Z. M. Staples, installed into the office of Elders.

Mr. J. O. Russell, Frank Staples, John W. Flowers, were ordained and installed into the office of Deacons.

A call was extended to Rev. J. P. Claycomb to become stated supply of the congregation for one year beginning April 1st.

The quarterly report showed, Sermons delivered 9

Sessions held 7
Congregational meetings 1

At the 7 o'clock service Capt. W. W. Bradshaw, who was previously ordained, was installed into office of Elders.

WARM MARCH.

Windy March gave this country the warmest embrace ever known at this season of the year. For the last few days the temperature has been equal to the closing hours of lovely May. The pastures are holding the stock from regular feed and the little boys and girls are finding great pleasure in barefooted romps. All nature seems to be taking on new life and showing signs of gladness and praise for the lifting of the chilly winds, snows and sleets so prevalent in the first Spring month.

Mr. Malcolm Taylor, a student at the Linsay-Wilson, preached his first sermon last Saturday and Sunday, to good sized audiences, in the Mt. Vernon Baptist Church, in Russell county, filling Rev. J. L. Adkins regular day. His sermons were appreciated by all who were present. Mr. Taylor is a young man of noble purposes, well endowed by the gifts of nature and determined to do good for others. Recently he became a member of the

Columbia Baptist Church, by letter, and his association, devotion to Sunday School and church work are much appreciated by the many members of the Church. He is a worthy young man and inspired by noble impulses in one of the broadest fields of usefulness, and we look forward to the time when he will be doing a great work.

PEACHES SAFE, SO FAR.

Some time ago we made the statement that peaches and pears were killed, but it now develops that we were incorrect. There is a light bloom on some trees, plenty on others and on many none. This spotted condition is due to variety and position of the trees. Nearly all the early varieties are showing up without bloom and many late kinds are nearly bare especially where the trees had but little protection from the north winds. The best we can hope for is a light crop.

FAMINE STRICKEN SUFFERERS OF CHINA.

At the Columbia Ministerial Association Tuesday, March 19th inst., by a unanimous vote, it was resolved to hold a union service at the Methodist Church Sunday, March 31st, at 7 o'clock in behalf of the famine stricken sufferers of China.

Rev. Z. T. Williams, President of the Association will open the service by an address followed by the rest as the resident pastors.

An offering will be received for the famine and it is hoped that each family in our beloved city will be ready to respond liberally to this most needy and worthy cause.

The latest reports show that the famine is still spreading, that the region more or less affected covers from 40,000 to 60,000 square miles.

Within this radius there are 30 walled cities and market towns. The people actually needing help now number about 12,000,000.

The conditions are so distressing that everything available is being sold for food.

Farm animals are being sold at great sacrifice. The extremity of the distress is seen in fact that children are actually being offered and sold. In some instances they are peddled along the streets.

It will require about \$4.00 to keep alive one person until the harvest is ripe.

Brethren and citizens of Columbia, we who have plenty and to spare, shall we not at this time respond liberally to our needy Brother. There are families in this city who are able to give \$100, and never realize that they have given. How we would all be delighted if our contribution to this cause would be at least \$5,000.00 from the city of Columbia.

J. P. CLAYCOMB,
Sec. of Association.

Rob Lyon, of the Lyon Buggy Co., will be in Columbia Monday and Tuesday, April the 1st and 2nd. He wants to sell you that new rig. Their work was all contracted for last Fall enabling them to save you the recent advances made by manufacturers 19 2t

GOOD BUSINESS.

We are informed by a representative of the Columbia Singletree Company that their mill at Columbia is receiving a good run of timber and are working every day. This company has recently installed a plant at Font Hill, Russell county, which is doing a good business.

PUBLIC SALE.

On Thursday, April 4th, 1907, at 9 o'clock, at my residence, near Zion Church, I will sell to the highest bidder the following property:

2 Good Horses. 2 milch Cows and 1 calf. 7 Head of Hogs. 1 Good Road Wagon, Farming Implements, Household and Kitchen Furniture. Terms made known on day of sale. Also house and Garden for rent. ELIZABETH MURRELL, Joppa, Ky. 20-2t.

Mr. J. D. Russell caught a fine perch last week which measured twenty-three inches and weighed six and one-half pounds.

FIFTY CENT TAX RATE

On The Hundred Dollars—Will Bring in About Twenty-five Hundred Dollars.

At the regular meeting of the City Council held last Thursday evening, the following members were present, W. W. Bradshaw, Mayor; Councilmen, J. O. Russell, Horace Jeffries and John B. Coffey. In the absence of Gordon Montgomery, Secretary, Mr. Russell was appointed temporary Secretary.

The Expense for operating the crusher, and placing crushed rock on James-town street was allowed, as were several other small claims.

By a unanimous vote the Council raised the tax rate 10 cents on the hundred dollars, making the rate for the present year fifty cents. This will put into the Treasury of the town fully \$2500 as a working fund, which should if applied judiciously, and we think the present Council has shown that they are making substantial improvements, will help to place the town in first-class condition.

ENTERTAINMENT

At Campbellsville Last Saturday Evening by Misses Meek and Penland.

In the days that have passed, I have attended a great many good entertainments in Columbia, but I do not believe there has ever been a more delightful, or interesting one held in the Southern portion of the State, than the recital given by Misses Penland and Meek at Campbellsville, on last night.

Every number was as near perfect as could be, and the rendition of each and every part was something extraordinary according to the voice of the writer. I want to pay a compliment to Miss Penland, to which she is justly entitled. As a musician, she has no equal in Southern Kentucky. Her voice is a perfect melody, with the soft and beautiful tenures of music, which bring out a harmony that is beyond comprehension except to those who hear her.

When music is considered in all its difficult points, Miss Penland will come up to a higher standard as a teacher, than most or them, according to the way she acquitted herself last Saturday night at Campbellsville. It is an uncontradicted fact that when the Lindsay-Wilson school at Columbia selected Miss Penland as a music teacher, they made the wisest choice in the history of that fast thriving institution of learning.

Now then, Miss Meek, who had a prominent part in the entertainment, is one of the best teachers of expression that I have ever had the pleasure of listening to. She seems at such perfect ease in the rendition of her part of the program, that it is a heavenly inspiration to the admirers of expression in its most exalted and perfect manner. The combination of music and elocution in a recital is one of the most sublime entertainments that either a man or woman ever witnessed, and if any occasion was ever more highly enjoyed than the mentioned herein, it has escaped the notice of the writer, as well as a whole lot of other people in Columbia.

The whole affair was one that deserves much credit from the citizenship of Columbia and Adair county, and the young ladies connected with the entertainment are our best and most talented girls.

Miss Daut Marcum, the Editor of the Spectator, was in attendance, and her presence upon the occasion, seemed to have an inspiring effect upon the balance of the troupe. Miss Marcum is the only young lady editor of a newspaper in the State of Kentucky, and the grand old Commonwealth should be proud of having one of its most beautiful girls as a member of the "Pencil Pushers" in the State. Miss Marcum is unquestionably efficient for the editorship of any paper. She is educated, and her intellectual powers are equal to any young lady in Southern Kentucky. FRED MCLEAN.

Miss Nona Powell, who has had a position as compositor on the News for a

year resigned her position a few days ago. Miss Powell is one of Columbia's best young ladies. She is a good compositor, and we regretted to lose her valuable help on the paper, but as the family intend moving West within a short time, she gave up her position to prepare for the move. Her stay in this office was pleasant, and her attention to her position was entirely satisfactory in every particular.

A SAD DEATH.

One of the saddest deaths that has occurred in Columbia for a long time was that of Glen Rounds, the 16 year old son of Mr. and Mrs. L. L. Rounds, on Monday afternoon at 4:30. Just merging into manhood, with the innocence of boyish glee, giving way to the realization of a broader view of life, he looked forward to mature years with fond hopes but almost without warning he was taken to his eternal home.

On last Saturday he was complaining slightly but was able to be out. On Sunday he took his bed about the noon hour and at 4:30 Monday he passed away. Double pneumonia doing its work within that short time.

Funeral services were held at the residence on Tuesday at 10:30 by Rev. A. R. Kasey, his pastor, and the body laid to rest in the city cemetery. The pall bearers were boys near his age who loved him and were loved by him, and impressed those who witnessed that solemn procession of the uncertainty of life, the swiftness of death and the tender affections of his associates.

Glen was a boy who impressed older ones as a model, and his playmates as a companion whose living was worthy of imitation. His death has produced extreme grief with his parents, brothers and sister who have the sympathy of this entire community.

Don't fail to see R. J. Lyon in Columbia Monday, April the 1st, about the new rig you want this Spring. The Lyon Buggy Co., has the buggies, Sallee Stubbs, Miss Zelma Todd, Athan Fletcher, W. C. Yates, E. L. Feese, G. T. Murphy, D. G. Murphy.

EARLY HISTORY OF MELVIN WHITE

CHAPTER II.

Melvin lived in the vicinity of Tabor, Tabor is where he got the most of his education. He attended the public schools there until he was about sixteen years old. He had a rather remarkable mind, he was a good speller, could write a very legible hand, he took part in all the games common in his day, he stood up in class and spelled twice every day, but on account of the goodness of his heart, would never turn the little boys down, as a consequence he maintained his position at the foot of his class. He said the little boys hated to be foot, and as he did not mind it, he never allowed a little boy to be foot. He remained in this way that if everybody in the class spelled every word, some body would have to stand foot, and the little boys could not spell every word, why should they be punished by having to stand at the bottom, he would not allow it.

Nothing of a very serious nature occurred until one Hooker was employed to teach. Hooker was not the same Hooker that "old" above the clouds, but the Hooker that fit at Tabor. He was a very pious gentleman, a Methodist preacher of the Northern persuasion, of whom Ches Taylor once remarked that Hooker would be a fine preacher, if he did not walk to much like a man buying furs. At that session quite a number of men of the Columbia know, when boys attended the session that Hooker taught—Lucian Hurt, Jim Taylor, Bascom Garnett, Rollin Hurt, Jo. Nat Conover, Allen Pile and Melvin White. Young E. Hurt owned the fine woodland laying contiguous to the school house, and in that woodland were many fine pawpaws, which the boys dearly loved. The boys of Ky. love pawpaws as well as the boys of the pine bar state love huckleberries. Up to this time the teachers had never objected to the boys getting pawpaws. Hooker would have been no exception if the boys had returned in a reasonable time, but in a little while the stock of fruit that was near became exhausted, and the boys could not return in time. One day the teacher announced that thereafter any boy staying out for any purpose later than one o'clock, should be punished with a severity, whose memory would be lasting. The boys above named, met early the next morning and held a council, and had several warm speeches, passed several resolutions recounting the fact that they had always been allowed during pawpaw time to gather the fruit, and that they ought to be still allowed to do so, that they lost very little time, and found in so doing a great deal of pleasure. Melvin was called on for a speech, he arose with great solemnity and gave it as his opinion that the teacher was altogether unreasonable, and that the boys should not yield to his unreasonable demands, and no matter what others might say or do, he would say emphatically, give me pawpaws or give me death. The council unanimously endorsed his sentiments, but concluded to give the teacher one more chance, and they resolved to get fruit that day or die in attempt. Accordingly, that day they went to the pawpaw patch, and stayed unreasonably long, some of them were in favor of appeasing Hooker's wrath, by taking him some of the best fruits, but this proposition was voted down by an almost unanimous vote. The boys returned

to the school house about 2 o'clock, and the teacher said nothing to them except that he would settle with them in the morning.

After the adjournment, the boys held a council of war. Melvin was appointed commander in chief, and he drew up his forces in the command of the center, Allen Pile commanded the left wing, supported by Lucian Hurt, Rollin Hurt was given command of the right wing, supported by Bascom Garnett, Jo. Nat Conover was stationed near the front door to cut off Hooker's retreat, Jim Taylor had armed himself with the sword of the spirit, in the shape of Hooker's Bible, and all the others were armed with such things as could be improvised for the occasion. As soon as all these arrangements had been made, Hooker arrived upon the scene and drew up the culprits in line for punishment, they came up in battle array, according to the previous arranged program. Hooker made them a speech, telling them how he hated to punish them, but his law had been broken, his law like unto the laws of the Medes and Persians, and there was no escape. He said, however, that he would make the punishment as light as he could consistent with the shattering of the broken law. Melvin replied, saying, that they hated to be punished as bad or probably worse than Hooker hated to give it, and as to the law, Hooker had made it, and Hooker could change it, or do away with it altogether. Hooker replied that what he had written, he had written, or words to that effect, and that they must and should be punished. At an agreed on signal from the commander, Jim Taylor let fly with Hooker's bible, and struck the teacher square in the face, staggering him back, when the commander ordered a charge all along the line.

Two Shilling and Six Pence Piece Money Issued By Act of General Assembly, of Pennsylvania.

Mr. E. G. Atkins left at this office a paper Two Shilling and Six Pence piece which is owned by Mr. Geo. Kimble, of Russell Springs. The bill is printed on good material, is 3 1/2 by 2 1/2 inches and is in a good state of preservation. On the front of the note is the English seal and the words "Two Shillings and six pence," also the following: "According to an act of the General Assembly of Pennsylvania in the 13th Year of the reign of his Majesty G E O the Third, Dated the Fifth Day of October, 1773." The following signatures appear S. Cermick, G. Erlen, Trease, A. M. Fisher. The number is 5551. On the reverse side appears a farm scene and the following significant words: "To Counterfeiters Death." The note bears the imprint of Hall and Sellers.

ELLIOTT

Thoroughbred Stallion is in Hands Of J. H. Smith, Foothill, Ky.

The Kentucky Breeding Bureau shipped last week a J. H. Smith, at Foothill, Kentucky, the Thoroughbred stallion Elliott, whose services will be donated to the people of this section.

The Bureau was organized several weeks ago in order to help improve the general class of horse stock of the state. To that end it is purchasing thoroughbred stallions of such size, conformation and temperament as will produce excellent general purpose horses when bred to the common mares of those sections to which they are sent. So far as the Bureau is concerned the services of these stallions are donated absolutely free to the people of the state as the Bureau receives no monetary return directly or indirectly from them. A service fee of \$10. is charged which goes in full to the man in whose care the stallions are placed in order to recompense them for their expense and their trouble. The Bureau has this far sent out fifteen horses. They have been placed in all sections of Kentucky from Ballard and McCracken counties in the west to Carter and Powell counties in the east, from Owen, Breckinridge and Henderson counties in the North to Trigg, Warren, Russell, Clinton, Metcalfe, and Laurel counties in the South.

The horse which has been sent to Russell County has been secured largely through the efforts of D. C. Hopper who has taken great personal interest in getting a horse for this section. J. H. Smith, one of the leading citizens of the county who has a large store at Foothill, was chosen as a good man in whose care to place the horse, and he and Mr. Hopper went to Lexington where they interviewed officers of the Breeding Bureau and secured the promise of early consideration at their hands.

The horse sent to Russell County, Elliott, is a seven-year-old chestnut horse by Racine from Aurelia II by Wildidle. He is a splendid type of thoroughbred stallion and was a race horse of real class. He was raced for five seasons by M. J. Daly and won a total of thirty-seven races, was second twenty-four times and third sixteen times. His winnings amounted to over \$25,000. Among other stakes which stand to his credit are Lisak Handicap twice, in both of which races he defeated the famous race horse Claude, the Pleasant Plate, the Norfolk Purse as well as a number of other notable races which he won from good horses. Elliott was especially noted for his ability to go a long distance, a trait which should prove of genuine value to him as a sire giving to his get endurance, courage and stamina. He can be seen at Mr. Smith's place at Foothill by any who care to see him and it will be well worth a trip of some distance to look at so good a horse.

Hay in the large livery barn in which Pile & Browning are doing business was discovered to be on fire last Wednesday, but by quick work the flames were put out. The blaze was said to have originated from sparks blowing from a pile of rubbish being burned in a nearby garden.

WED., MARCH 27, 1907.

For the last few days the decline in the selling values of railroad stocks and bonds is causing alarm. This condition is said to be the result of State Legislatures and the investigation and attitude of the Federal Government to secure a fair deal. At any rate the decline is rapid, and does not forebode good to the holders of such securities. Some are so alarmed as to predict a panic in the near future, while others are more conservative, and believe that the business of the country in general, will not be seriously affected. Evidently the investigation should not be discouraged, whether it results in good or bad for the time being. If the great railroads are doing a fair, square business, an investigation will not hurt them long, but will strengthen their securities. If they are giving inadequate service to the public, discriminating between individuals or sections, combining against public welfare, then they should be forced to do the right, and there never was a better time than the present. It will be unfortunate for investors in watered stocks to have the wrongs exposed, but it will prove a blessing to many others. No business that has the public by the throat should go unrestrained. It is the duty of the government to see that such conditions do not prevail, and if we are not mistaken the President is in earnest, and will have a show of hands from the great and powerful transportation companies of this country.

The Legislature of the various States seem bent on a reduction of railroad fare, and to this more than the National move, may trouble arise. That a two cent fare is adequate and just in some States, we do not doubt, but in others it is doubtless not stimulating enough to cause new lines to be built or old ones to give the best service. The cost of construction varies, cost of operation varies, and the source of supplies may be too meager to justify the action some of the States are taking. We believe in a fair square deal; that every honorable business, whether public or private, that individual and corporation should stand on equal footing, and all entitled to reasonable profits, while all should give the best service possible. We trust that the next Legislature of this State will not jump at a conclusion, and pander to public sentiment on this line without a full investigation, and full knowledge of the best manner to advance our commercial resources.

In response to the many appeals from many of the commercial organizations of the Mississippi Valley country. The President has created an Inland Waterways Commission, whose duty it is to investigate and deter-

mine the most important improvement in the many streams in the Mississippi Valley country first, afterwards to extend to other sections of the country. This means that the Federal Government realizes the great worth of navigable rivers, and that navigable water should be made in all the streams as soon as possible. The first move will be in this part of the country, and our people and commercial organizations interested in the development of the Cumberland and other rivers, ought to keep in touch with this great movement, and do all within their power to aid the commission, and to secure development.

The redistricting measure passed by the last Legislature, was contested by the Republicans of Butler and Ohio counties, and the courts in both instances held the law unconstitutional. Last week the Appellate Court sustained the decision of the lower courts. Good! Such legislation ought to be knocked out in every instance, for the main and only purpose was to gain political advantage by an unfair measure. No Legislative body, State or National, should be allowed to prevent or nullify a true expression of legal voters, and the sooner the courts in other States follow the lead of our courts in such matters, the sooner political justice will be established. The Kentucky Legislature is not an exception, it is our court. The Court says: "Equality of representation is the vital principle of Democracy, and that no Republican institution can live without it." There is scarcely a State in the whole country whose political districts were made for the purpose of securing a fair, square deal, but were made to advance party ends, consequently the State Legislatures and the National Congress have largely become the misrepresentatives of a people who, apparently manifest much interest in "A government by the people and for the people." It is a difficult proposition to form districts entirely clear of disadvantages to one or the other great parties, but forming them only with the view of building one at the destruction of the other is as rotten as it is contemptible. Every Democrat, every Republican, ought to be willing to abide by majority rule and seek to cut out frauds in politics, as well in business. The manipulators in financial affairs, the men who consolidate and control corporations, are facing an indignant people, but the political boss, and the many political combines and monopolies, both in the States and Nation, are permitted to flourish, practice deception, and collect political usury. The Standard Oil Company, the combination of railroad corporations, and other combines in industrial lines are being prosecuted in many of the States, and also by the Federal Government, and yet political chicanery, combinations and deals are known to exist to the detriment of honest, fair representation, and just legislation. Back of the business methods now causing much trouble, and threatening the prosperity of the country is the political methods that have prevailed for many years. Unjust legislation will produce unjust business methods. The remedy ought to be clear to every intelligent voter.

The Noted Jordan Peacock,

NO. 1148 A. S. H. R.

The Best Breeder that ever Sired a Colt

and one that gets more colts than any living horse; and colts that sell for more money than any horse in Kentucky. Will stand at Gradyville, Ky., this season at the low price of \$15.00 to insure a colt. Jordan Peacock has sired more High Priced colts than any Horse I ever knew in Kentucky. There has been more money spent in Adair county for this Horse's Colts in the last 10 years than there has for all other Stallions combined. You can pay \$15.00 for seasons to JORDAN and get two to three times as much clear money as any others. Coffey Bros., & Young paid J. P. Clayton \$600.00 for a two-year-old, and a number of others have sold from \$500.00 to \$2,000.00.

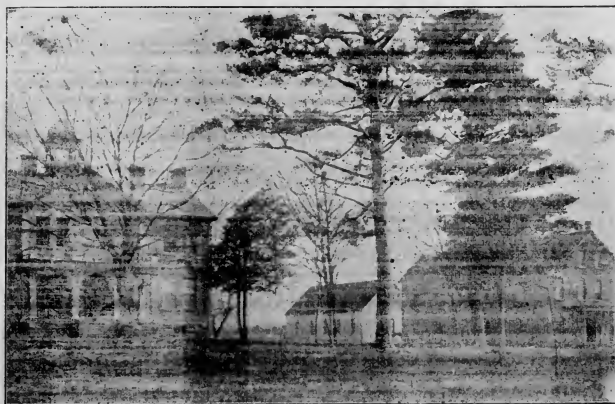

Now if you want a fine Colt and one that you can sell at any time for a Fancy Price, bring your mares to JORDAN and get it. When you breed to him you are not breeding to something that is unknown.

JORDAN PEACOCK has a National Reputation; his colts are being bought and shipped East to New York City, Boston, Texas and a number of other places where fine horses are wanted.

ARWED--The German Coach Horse.

This horse, great in breeding, size, form and strength is the one so badly needed in this part of the country. One of the most pressing needs in horses is size and that should not be overlooked by those who desire to breed. In Arwed the German Coach Horse, you get size, form and action, the three essentials to an all round desirable horse. His first colts were foaled last Spring and out of the entire number there is not a weakling nor one that shows beefy makeup. They are game, neat and fine size and some of them approaching models. No one who appreciates size with form and other desirable features can find a flaw in a single colt. He will serve at \$10 to insure a living colt.

PEDIGREE.—ARWED, No. 2783, sired by Achim, No. 1059; he by Achilles, No. 1213, Dam, Ardo, No. 1000 by Agammennon, No. 560. Arwed is a beautiful brown horse, 16 hands high and weighs 1250 pounds. He is a model horse in size and action.

TWO FINE JACKS.

WALLACE WOOD, a fine Jennett Jack, will serve at \$7. He is 15 1/2 hands high and has proven his worth in siring Jacks as well as half breeds.

WALLACE WOOD was sired by Gov. Wood, he by Wood's Black Jack, Tip Top, he by Peter's Black Hawk, he by Royal Mammoth, he by Old Imported Morlaga Mammoth. Dam by Black John, 15 1/2 hands high; second dam by Sumson, 15 1/2 hands high; third dam by Thompson's Black Jack, 15 1/2 hands high; fourth dam by Tom Salter's Mammoth.

JACK CHINN, is a black Jack with mealy points, not too large neither too small, but has proven himself an excellent breeder. Some of his colts sold last year for \$100.00. He will serve at \$6 to insure a living colt.

All care will be taken to prevent accidents but not responsible should any occur. Mares will be fed at cost and pastured at \$2.00 per month after May 1st. Parties desiring further information address

PELTYTON.

Mr. Samuel Evans, of Neatsburg, was visiting friends in this section last Sunday.

Born to the wife of Joseph L. Campbell, a daughter; also to the wife of James T. Lemmon, a son. Both of these fathers are wearing pleasant smiles since.

O. P. Lemmon and family, who have been visiting W. H. Lemmon since Christmas, left for their home in Kansas, last week. They have had a pleasant visit, and enjoyed the hospitality of their many Kentucky friends. The good wishes of their friends go with them.

Rev. John Bowles, from near Campbellsville, preached two interesting sermons Saturday and Sunday night at Pellyton, and on Sunday at 11 o'clock at Providence church. Brother Bowles is a man in whom every one has implicit confidence, and gives much good advice in his sermons by his sound logic. While he is not considered an orator in the common acceptance of the term, his life and example are such that he is a power for good. He has been in the ministerial work about twenty years, and has faithfully performed the Master's work.

We are pleased to note that Prof. T. C. Cherry will instruct the Adair County Teacher's Institute again this year. Mr. Cherry gave good satisfaction last year, and Mrs. Shelton is to be congratulated on securing his services for the present year. The teachers of the county need special instruction on Psychology and the Science and Art of teaching. It is time Teachers were departing from the old methods of teaching, and adopting newer and better ones. In this day of energy and push children are entitled to better instruction and more modern methods than were in use twenty-five years ago.

Now that Spring is approaching, it would be a commendable enterprise if every farmer would look around him and see what condition his farm is in. If the fences are down, and the corners grown up in briars and bushes; his houses and barns out of repair, and everything in a run down condition generally, right then and there, the owner ought to go to work to put it all in a good state of repair. It is this way of putting farms in a high state of cultivation, that makes a good neighborhood and prosperous community. Suppose every man in this county, should, for the next ten years, devote his time to the improvement of his farm, instead of wasting it, as many do, by sitting around stores and other places, and talking politics, and very often gossiping and meddling with other peoples affairs, what would be the result? If one who had been gone during that time, should return at the end of this period, he would scarcely know the country on account of the wonderful improvement. Let every body go to work, instead of 'wasting time in idleness, and the result will be marvelous. The country generally will be greatly improved, and times will be much better.

As Fiscal Court meets in next month, it is to be hoped that it will constantly keep in view the interest of the tax-payers of the county, and keep the tax rate as low as possible consistent with the progress of the times. The masses of the tax-payers of our county are not in a condition financially, to pay high taxes, and want a low tax rate. The Fiscal

Court should be composed of the very best business men of the county, men who know how to save the people's money, and will do it. They should exercise the same care and discretion in appropriating the people's money, that a judicious business man would exercise in the transaction of his own business affairs. The Court should use the utmost economy in making all their appropriations for any and all things, and exercise constantly in view the welfare of the tax-payers. Gentlemen, by all means, give us economy in your appropriations, and receive our best thanks.

To remove a cough you must get at the cold which causes the cough. There is nothing so good for this as Kennedy's Laxative Cough Syrup. The liquid cold relief that is most quickly effective, that stills and quiets the cough and drives out the cold. Sold by Page and Dohoney, Columbia, Ky.

IRVIN'S STORE.

R. P. Smith is receiving his new goods.

Mrs. Jones Walters is on the sick list.

Mr. Lo Bradshaw, who has been sick for some time, died Tuesday. He was a plain honest man and will be missed by many. He leaves a wife but no children.

Mr. Cy Harris, who has been a cripple for many years, died Monday.

A spoke factory is to be located at Fonthill. Part of the machinery is now on the ground. This will make hickory worth as much as white oak.

A protracted meeting just closed at Salem church. There were about 30 professions several of whom were baptized Tuesday.

Services are being held this week at Union church. We hope much good will be done for truly something needs to be done to free the community from drunkenness, which is the cause of most of the wrong doing and leads good boys off right road contrary to the teaching of loving parents.

"In 1897 I had a stomach disease. Some physicians said Despepsia, some Constipation, one said I would not live until Spring. For four years I existed on bottled milk, soda biscuits, and doctors' prescriptions. I could not digest anything I ate; then I picked up one of your Almanacs and it happened to be my life-saver. I bought a fifty-cent bottle of Kodol and the benefit I received from that bottle all the gold in Georgia could not buy. In two months I went back to my work, as a machinist, and in three months I was well and hearty. May you live long and prosper."—C. N. Cornell, Roding, Ga., 1906. The above is only a sample of the great good that is daily done everywhere by Kodol for Dyspepsia. It is sold here by Page & Dohoney.

WEBB'S X ROADS.

"Nothing doing" is the farmers complaint just now, on account of wet weather.

There are no oats sown here yet; but little corn land broken, and farmers much behind generally.

There is a telephone line in process of construction from this place to Windsor, which will be a great convenience to the community.

The whooping cough epidemic in this community has about subsided.

C. H. Cravens was at Somerset and Burnside several days of last week.

Loggers and saw-mill men have suspended operations because of the conditions of the roads.

Clarice, the youngest daughter of Mr. J. A. Webb, has been sick for several days.

CANE VALLEY.

The recent rains are said to be damaging the early sown oats.

Born to the wife of Wm. Johnston, on the 9th, still born twins. Mrs. Nancy Rice, an aged and respected lady of this vicinity, is quite ill at this writing.

Owen Hardesty, the stockman, was here taking up some stock last Wednesday.

J. W. Judd and family are just recovering from an attack of gripe.

Mrs. W. H. McCaffree has been quite ill for the past few days.

Virge Grissom, hardware man, was with us last Wednesday.

Mr. T. J. Bumgarner, of near here, made a business trip to Lebanon and other points a few days of last week. He was accompanied by his wife as far as Campbellsville.

F. P. Rice and wife spent a part of last week in Campbellsville.

Mrs. Mattie Cundiff, who has been quite sick for the past few days, is better at this writing.

J. W. Hancock has gone to Corbin, Ky., where he has accepted a position with the L. & N. R. R. Co.

Cane Valley is proud to say if you want to see Dan Patch all you have to do is to call on Mr. C. P. Banks, of near here. This is Adair county's Dan Patch, and he is a model too, in the way of a horse.

Mrs. Mollie Hancock and daughter-in-law, Mrs. S. N. Hancock, of Columbia, are visiting the family of Dr. N. M. Hancock.

Miss Montra Thomas, of near Milltown, was visiting Mrs. Minnie Hancock several days of last week.

R. B. Wilson made a business trip to Campbellsville last Tuesday.

We were glad to read in last week's issue of the News a letter from W. G. Montgomery, of this county, later of Texas, in which he says he expects to return to this county in the near future. We would be glad to see him and was also to hear from him.

Now then, Cane Valley people, we want to talk about that road business a little more while the roads are bad and when they get in good condition they won't need working. If you want good road say so and have it. So when you meet the man with the subscription don't turn away. But subscribe all you will and help him all you can and let's make two miles of road that will be a credit to us. Let's hear from somebody in this vicinity who is willing to start it right now! There is no one who is more so than your humble correspondent so let's go at it.

You should be very careful of your bowels when you have a cold. Nearly all other cough syrups are constipating, especially those containing opiates. Kennedy's Laxative Cough Syrup Conforms to National Pure Food and Drugs Law. Bears the endorsement of mothers everywhere. Children like its pleasant taste. Sold by Page and Dohoney, Columbia, Ky.

WITH OUR CORRESPONDENTS

Week's Happenings—News Important or Otherwise as Reported By Our Corps of Correspondents.

GRADYVILLE.

One or two cases of measles in our town.

Irish potatoes on market at 50c per bushel.

J. J. Hunter was in Columbia transacting business last Friday. Our little boys and girls are having a nice time fishing this week on Big creek.

Geo. H. Nell, of Columbia, spent Saturday and Sunday in our city.

Uncle Geo. Flowers has about recovered from his spell of sickness.

Quite a number attended the singing last Sunday night in our city.

The baby of Mr. and Mrs. J. J. Hunter was quite sick a day or so of last week.

Wheat is looking well in this section at this time.

Some of our farmers are about done breaking corn ground.

Dr. S. D. Crenshaw was called to see a very valuable mare of W. L. Grady's one day last week, that was in a dangerous condition.

S. D. Caldwell, of Portland, was in our midst one day last week.

J. D. Walker, of Columbia, spent several days on his farm here last week.

Messrs. Strong Hill and wife, C. S. Bell and wife spent several days in Louisville last week.

Who ever got Uncle Weeden Yates' canvass off of his plant bed will please return it without further notice.

Several in our town planted their gardens last week.

Mrs. C. O. Moss visited relatives in Columbia the first of the week.

Mr. D. C. Wheeler lost a very valuable mule by getting its leg broken last week.

Rev. G. Y. Wilson started last Monday for Albany where he will hold a series of meetings.

Dr. S. A. Taylor, was by the bed side of his brother-in-law, a few days last week at Ozark.

J. H. Smith spent a few days at his hotel in Columbia last week.

We understand that some of our farmers are engaging their lambs for the June market at 6c per pound.

Our merchants are paying 40c per hundred to get their goods hauled from Greensburg, the highest price since the war closed, we guess.

Mr. C. V. Mayfield, the popular drygoods man, of Glasgow, was with our merchants a day or so of last week.

Mr. Charles Herriford, the well known stock man was with us last Thursday and reported his sales on horses and mules, was good.

Messrs. Will Lyon, James Goff, and Ed Atkins, groceryman, was shaking hands with our merchants last week.

We need a factory that can make use of our hickory poles, we certainly have plenty of them.

Rev. J. L. Atkins filled the pulpit at the Baptist church in our city last Saturday and Sunday with interesting discourses.

Mr. J. A. Diddle who spent several weeks in Texas a short time ago had some improvements put on his farm while there, and

also sold one half interest to Messrs. James and Tobe Hughes, formerly of Columbia.

Messrs. Lewis and Hutcherson, produce men of Columbia make our town every week and we notice that that they are well loaded every trip. This goes that our merchants are having a good trade.

It certainly will go without saying that last week was the warmest and best farming weather ever known in this section of country for March, and our laboring class of men made good use of the sunshine, we don't remember of ever hearing such a demand for grass and oat seed, as it has been here, if it is reasonable we surely will have a bountiful crop of every thing this season taking the effort into consideration.

MORGAN DARE.

Morgan Dare sired by the celebrated Chester Dare will make the season of 1907 at the stable of C. R. Cabell, ½ mile north of Miami, Green county, Ky., and will serve mares at \$10 to insure a living colt.

DESCRIPTION—Morgan Dare is a dark chestnut stallion, 16 hands high, bred by E. W. McCormack, of Shelby county, the owner of Chester Dare, and was foaled in the Spring of 1902. He is a horse of good style, fine bone and muscle and has a good disposition.

PEDEGREE—Morgan Dare is by Chester Dare, 10; he by Black Squirrel, 58; Dam by Surprise, 168; he by Boyd Winchester and he by Green Mountain Blackhawk. Dam of Surprise was sired by Star Denmark, 71 and he by Gaines Denmark, 61. Thus it will be seen that Morgan Dare traces both through his sire and dam to the greatest of the Denmark and also through Boyd Winchester and the Blackhawk to the foundation of the great Morgan family. Chester Dare was one of the greatest show horses and sire of fancy saddlers this State has ever produced. Many of his get having sold for prices of from \$1,000 to \$3,000.
